

Vermilion River Watershed Restoration & Enhancement Project

Appendix B – Eligible Costs

Costs of the following directly associated with the restoration works:

Engineering designs

Construction materials

Planting and associated materials

Equipment costs (example, off-stream watering system)

Equipment rentals

Fuel

Shipping of materials

Paid labour at most current AB standard custom rates

Landowner labour calculated at \$25.00 per hour

Contractor services

Technician fee

Documentation fee

Travel (mileage and meals) expenses at Government of Alberta rates

Except for landowner labour and equipment, and travel expenses at Government of Alberta rates, expense claims require receipts of payments.
